

Website Redesign

We collaborated with a leadign healthcare service provider, in aiding them to make surgical procedures easily accesible with the most accurate, comprehensive, and curated information and care. We gave a refreshed look of the old site that's clean minimal and highly user-friendly.

Frequently Asked Questions

Which doctor should I consult for hernia?
You can consult a trained specialist surgeon who may be a Proctologist or a Colorectal surgeon or a general surgeon.

Is hernia surgery safe?
Hernia surgery is generally safe and has a low risk of complications.

What are the risk factors for developing hernia?
Risk factors include a family history of hernia, obesity, smoking, and chronic cough.

What is the treatment necessary for hernia?
Treatment depends on the type and size of the hernia. It may involve surgery or non-surgical interventions like physical therapy.

How much does hernia surgery cost?
Cost varies depending on the type of surgery and the hospital.

Does health insurance cover the cost of hernia surgery?
Yes, many health insurance plans cover the cost of hernia surgery.
